

TB DIAH e-Learning Navigation Guide

TIP: You may complete the TB DIAH online courses
on a computer, tablet, or phone.

What does the course home page look like on your device?

Computer with browser

Mobile with browser

Mobile App

The type of device you are using will determine how the course looks and functions.

Audio Required

On a mobile device, make sure the **mute** button is not selected and the **volume** is on. The side **volume button** also needs to be turned up.

Vertical vs. Horizontal

With a mobile device, you can view the course vertically or horizontally. Notice that the navigation buttons change location.

Navigating the Home Page

With a browser, use the **scroll bar** to view the modules, resource library, and other course elements. If using a mobile device, you may need to swipe up and down the page.

With the app, navigate between sections using the **orange buttons** at the bottom or tap the **icon** to open the Course Index.

Launching an Activity

Browser

To start any activity, select the activity name.

TIP: With the app, select the activity name and not the “To Do” box.

Mobile app

Opening an Activity

Select the name and then “**Enter**” on the next screen to open the activity.

Inside a Course

Modules will advance automatically except when you are prompted to manually select "Next."

Taking Quizzes

Each module has quizzes and review questions. After you have selected each response, select “Submit” or the check mark to submit it.

TIP: On a mobile device, you may need to scroll down to see these controls.

Quiz Results

At the end of a quiz, you can review your answers or retry the quiz if you did not pass. Select “Finish” or the check mark when you are done.

Finishing an Activity

At the end of an activity, select “Exit” to leave the screen.

TIP: On a mobile device, open the hamburger menu, the stacked horizontal lines in one corner of the screen, to find “Exit.”

Finishing an Activity (Browser)

Select “Exit Activity” or “Course Home” to return to the home page.

Finishing an Activity (Mobile app)

Tap the device's back arrow twice to return to the section page.

From there, use the orange buttons or the icon to access the **Course Index** and navigate from there.

Tracking Activity Completion

Before an activity is completed, an unchecked box or, on the app, the words “To do” appears.

Once completed, a **check mark** appears, or you may see a “**Done**” box.

TIP: For each module part, all required slides, including any quizzes, must be viewed for it to be marked completed.

Finding TB Cases among People Living with HIV (PLHIV)

Worldwide, TB is one of the leading causes of death among people living with HIV. Without treatment, HIV and TB can work together to shorten lifespan, but TB is curable and treatable. The first step is to ensure that people living with HIV are tested for TB infection. This course is for front line workers and community health staff who are critical in finding missing TB cases among people living with HIV.
